## WOMEN MUST SLEEP.

Value of Paine's Celery Compound to the Sick and Nervous.

The burdens of life are not equally borne by men and women.

Women too often suffer from some weakness that was never intended for them by nature.

When trouble or hard work or excitement have rendered the nervous system so morbidly wide awake that sleep is denied, the over-tired brain must be helped to get quickly back to its healthy normal condition or serious mischief ensues.

Paine's Celery Compound accomplishes this as nothing else has ever done.

It at once begins to regulate and equalize the over-tired nerves and to restore to them their lost tone.

It brings to the disabled, debilitated nervous tissues the peculiar nerve food which they must have to build up their parts.

"I took Paine's Celery Compound for dyspepsia, nervousness and sleeplessness," says Lillie B. Smith of Williamsport, N. J., "and I can recommend it as a good medicine. As a result of taking it I feel better than I have for several years."

Paine's Celery Compound is a perfect nerve food. It quickly feeds weakened parts, removes all irritation, allows the rest from pain they need so badly, and restores all the myriad sleeping nerve parts all over the body to a healthy, quiet working. This is the way this remarkable invigorator makes people well.

Reports of its marvelous working come from cities as far apart as New Orleans and Montreal. There is not a town large enough to stand on a railroad map that has not contributed some word of warm praise and gratitude to the greatest nerve and blood remedy of this stirring and of the nineteenth century.

A feather renovating establishment has been started at Washington.

There will be services in the Presbyterian Church at Washington Sunday at half past 3 o'clock.

The Kentucky Trotting Horse Breeders' Association of Lexington has closed a tour for Liberator's famous hand to furnish music during the October tours.

The Flemingsburg Times Democrat says: "We will raise a better quality of tobacco in this county than we did last year, and the yield will be probably as large. The weed has been growing out and ripening well in the past two weeks."

**Catarh Cannot be Cured** with Local Applications, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease. In order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials, free.

The Second District Union Meet in This City a Success.

The annual convention of the Second District Union of the Young People's Society of Christian Endeavor is now in session in this city at the Central Presbyterian Church.

The delegates in attendance are very near all young people, and our citizens should feel honored and complimented to the highest degree from the fact of there being so many handsome young ladies in attendance, and that this Convention and their presence will do Maysville a power of good no one doubts in the least.

The Convention was called to order by the President, Mr. John M. Scott, yesterday afternoon, and the welcome address was delivered by Police Judge A. A. Wadsworth, which is an address that one would have to read or hear delivered to appreciate it. The Ladies' Convention is in session at this time before its readers to day, but will have it Tuesday.

After several good addresses and some exceedingly pretty music the meeting was adjourned until last night, when at 7 o'clock it was again called to order, and after a song service of thirty minutes the program was gone through with.
